RED CROSS PARTY WILL BE HUMMER

WEDNESDAY EVENING TONOPAHNS WILL DANCE IN AID OF GOOD CAUSE.

On February 6 there will be a Red Cross dance. It's going to be a big one—the town people will see to it that it is. It will be a straight jivey and everybody will be there. The times will roll into dollars because a good time is assumed. There will be refreshments served by dainty maids in white. There will be the best of music and everybody knows that the Airdome floor can't be beaten. And one thing more—the decorations are all being made by the Junior Red Cross. Every room in the school is at work. Every little child is doing something to make this dance the biggest thing yet. Don't forget the date—Wednesday 6. Don't forget the day—Wednesday 6. Don't forget that the town is giving a Red Cross benefit.

COUNTY, CITY AND DISTRICT BUDGETS

REQUIREMENT BY NEVADA TAX COMMISSION THAT THEY BE PUBLISHED.

The Nevada tax commission has sent out notices to county commissioners and the governing boards of the various cities in Nevada calling their attention to section 4, chapter 148, laws of Nevada, 1917, which requires that the governing boards of all counties, cities, towns, school or high school districts shall, between the first Monday of January and the first Monday of April, of each year, prepare a budget of the estimated receipts and necessary expenditures for their respective counties, cities, towns or school districts for the current year, and the amount required to be raised by taxation, together with the required tax rate. Said budget must be duly signed by the governing board and forthwith published in a county newspaper for at least two (2) consecutive weeks. School districts are exempted from the requirements of this law until 1919, except as to special taxes.

The state tax rate for 1918 is .5755, which includes teachers' pension and physical culture rates. It is based on a 90 per cent assessment of full cash values, which will automatically increase the assessed values in all counties by 12 1/2 per cent over 1917, with a corresponding reduction in the tax rate unless there be an increase in expenditures.

ADDRESS TODAY AT GENERAL ASSEMBLY

Rev. Harlan Bailey, in addressing the general assembly at the high school this morning, chose as his topic the Y. M. C. A. its work and methods, and spoke particularly of its war work.

Mention was made of the work in the concentration camps all over the country, where the association has its "huts" for recreation, for entertainment, education and for religious services. All religious bodies are free to use the "huts" at regular hours and on Sundays there are services from early in the morning to late at night. All these features are also found "over there" and in the prison camps, where the thousands of prisoners are gathered together on both sides. In the latter

NEW HOSPITAL FOR ELKO.

The county commissioners of Elko county recently adopted a resolution authorizing an emergency loan of \$85,000 for the erection of a new county hospital. This action is in line with the recommendation made by the grand jury.

A site for the proposed building has not been selected, but indications are that it will be somewhere in the outskirts of the city of Elko. The institution will be thoroughly modern and provision will be made to care for both pay patients and those who cannot afford to pay for necessary treatment.

I positively guarantee that every watch repaired by me will not lose or gain a minute a week. Emil Merman, at Roberts Grocery. adv25tf

JURY FINDS M. B. ASTON INNOCENT

M. B. Aston, the well known Goldfield mining man, was acquitted by a jury in Justice Arnold's court last night, after his trial on the charge of making seditious utterances. Captain Bradley was foreman of the jury. In the opinion of a number of Goldfield people this vindication was the only verdict that could be reached, it being said that the prosecution was in the nature of a frame-up. Judge Peter B. Somers represented the defendant.
